Art Unit: 3712

Claims 38-43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 38, lines 9-10; and claim 42, line 9, there is no antecedent for the "first and second cable sections".

In claims 40 and 43, since a bowstring cable, and return cable are attached to the cam, it is not clear if these claims are directed to the cam alone, or a combination of the cam and cables.

In claims 38, 40, 42, & 43, it is not clear what structure(s) on the cam, bowstring cable, and/or return cable are provided in order to achieve a "compound effect".

Claim 38, line 6; and claim 40, line 3, appear to include a punctuation error.

Claims 35-37 are allowed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
